

I don't want Wisconsin's No Call List weakened! Giving telemarketers 18 months to call me (unrestricted) to win my business back is ludicrous! I'm positive they will use loopholes to keep calling after the 18 ridiculous month time limit by presenting themselves as "affiliates" next to say it's not the same company.

If I sign up today it takes 4 to six months to 'take', then they will have 18 months to call, Then the "affiliates" will call, then the time is about up and I have to register again! I DON'T WANT THEM CALLING! The last two years has been the only "phone peace" I've had my whole life. (and I'm 51)

For that matter, why is it "opt out" to begin with? Why should I or anyone else have to do anything to stop them from calling? It should have been from the start "opt in" Then only the people who want these calls would get them.
